## Description

Welcome to this completely updated ranch with a pool, hot tub, 1st floor primary suite with full bath and walk-out to the pool deck! Where do we begin? The kitchen is updated with granite countertops, built-in stove and range with hood and gleaming hardwoods. It flows openly to a formal dining room with a walkout to the back yard and pool, and into the front living area. So much natural light in the spacious family room off the other end of the kitchen with glorious high windows and another sliding door out to the pool. There's space for an office area or whatever you choose. A wall-mounted modern fireplace adds heat or ambiance to the room. First floor baths installed NEW by NY Sash. Main shower features a bench and a handrail. Primary suite features full bath and TWO closets and a door out to the pool and deck. In the past five years, new roof, new furnace, new central AC, a new pool liner just last year, a gazebo with electricity and a ceiling fan for entertaining by the pool, and a fully finished dry basement! NEW windows in the back of the house, the kitchen and the back bedrooms. The driveway was widened and redone. The pool was used last summer with its brand new liner, and is ready for the new owner to open it up and enjoy! The yard is private with beautiful sunsets in the back. Off the garage, you have a walk-in pantry closet. The garage is an oversized one-stall with added storage space. There is also a shed in the backyard for the extras. The fully finished basement features an additional living room, two additional large rooms with closets in each, half bath with the laundry and another closet, plus an enclosed utility room with a work bench and more dry storage. Trail connects Northwood Circle to Lee Town Park. Close proximity to Delta Lake, Griffiss Business and Technology Park.
