Description

New Construction, feels like a single family home! Located in the highly sought-after Shenandoah neighborhood, this beautifully designed townhome blends timeless architecture with modern luxury. The thoughtfully crafted layout offers bright, open living spaces that create the comfort and feel of a single-family home. Situated on an approximately 4,000 sq. ft. lot, this property offers significantly more outdoor space than most townhomes in Coconut Grove, Coral Gables, or Shenandoah. With 2,571 sq. ft. of living area under air, the residence also provides a more spacious interior compared to many townhomes in the surrounding area. The outdoor area is designed for both relaxation and entertaining, featuring a large heated and chilled pool and a generously sized backyard with lush landscaping, including beautiful Florida native trees that create a private and tranquil setting. Outdoor shower for your convenience. EV charger ready. Expected completion date May, 2026.
