## Description

Refined craftsmanship and timeless design define this beautifully appointed two-story home nestled in the sought-after Hidden Creek community. Rich oak hardwood flooring, detailed millwork, and thoughtfully designed built-ins set the tone throughout. A welcoming covered porch opens to an inviting foyer, flanked by a private home office with custom work area and French doors. Formal dining is elevated with an eye-catching sculpted ceiling, while the spacious great room impresses with a marble fireplace and expansive bay window that fills the space with natural light. At the heart of the home, the gourmet kitchen showcases maple cabinetry, granite surfaces, stainless steel appliances, and a large center island—perfect for entertaining or everyday living. The adjoining breakfast room features a convenient planning desk and flows seamlessly into the hearth room, where a stone fireplace and atrium door provide access to the outdoor deck. The primary suite offers a peaceful escape with a coffered ceiling, comfortable sitting area, and spa-like bath complete with jetted tub. Three additional generously sized bedrooms share a Jack-and-Jill bath, creating an ideal second-level layout. The finished lower level expands the living space with a large recreation area and full bath. Set on a premium cul-de-sac lot, the property includes a fenced backyard, deck, patio, pre-wired for a hot tub, and a three-car garage—perfectly balancing elegance, function, and outdoor enjoyment.
