Description

Residence #202 at 150 S Oak Knoll offers clean modern living in the heart of Pasadena's Playhouse Village. The home is bright and comfortable, with warm wood tones, understated contemporary finishes, and an easy sense of calm. The kitchen is clean and well finished, the sleek wood-grain cabinetry, premium stainless appliances, quartz countertop and a full-height backsplash, connecting easily to the dining and living areas. From the dining area, olive trees and distant palms frame the view. The primary suite features a walk-in closet, dual sinks, and an oversized glass-enclosed shower. A quiet den opens directly to the balcony, creating a comfortable spot for reading, working, or meditation. The guest bedroom is spacious, and the home also includes an individual laundry area. Wide-plank hardwood flooring for living area, and large-format porcelain tiles in the bathrooms keep the finishes clean and simple. The spectacular 4th and 5th floor rooftop garden gives this property its real distinction. With outdoor seating, barbecue areas, dining spaces, fire pit, and open views toward the city and the San Gabriel Mountains, the rooftop becomes a natural extension of the home - a place for morning coffee, sunset dinners, quiet evenings, or casual gatherings above Pasadena. Set within a newly built 19-home community, this residence offers modern interiors, generous rooftop spaces, and a rooftop life above the city.
