## Description

Some homes just feel right the moment you pull up. 1500 Collins Ave is that kind of place. Tucked into one of Placentia's most welcoming neighborhoods, this 4 bedroom, 2.5 bathroom home with a three car garage and solar is the kind of property that works beautifully for all kinds of people and all kinds of lives. Whether you are a growing family, a couple looking to put down roots, or someone who simply wants space to spread out and breathe, this home has something for you. Four comfortable bedrooms give everyone their own space. Two and a half bathrooms keep the morning routine running smoothly. And that three car garage opens up a world of possibilities, from extra storage and a workshop to parking for your RV, boat, or weekend toys. Step into the backyard and you will immediately feel the potential. The lot is generous and open, with plenty of room to make it your own over time. Thinking about a pool someday? The space is there. Want a garden, a fire pit, or just a place to unwind after a long day? That works too. Solar panels are already in place, quietly doing their part to keep energy costs in check month after month. Centrally located in Placentia, everyday life is easy here. Good schools, local dining, shopping, parks, and freeway access are all close by. This is a home that meets you where you are and grows with you over time. Come take a look and see how it feels.
