Description

The best priced unit in the building! A bright 1 bed/1 bath condo in The Tides at Bridgeside Square with stunning views over the gardens, tennis court and ocean. The Tides is a highly desirable 'pet friendly' renovated building (with its own pet elevator), located across the street from Shooters Restaurant and the beach. It has one of the best condominium health clubs in Fort Lauderdale, a huge pool deck (including hot tub), tennis, barbeque area and community room that can be reserved. The condo benefits from glorious sunshine and comes with a washer/dryer and a 'condo-length' balcony. Water and cable is included in the HOA. Covered parking space. Emergency generator in the building. Don't miss this opportunity! From time to time, storage units may be advertised for sale or rent. There is one assigned parking space. There are no guest spaces. Like storage unit, owners may place parking space up for rental or sale. Alternatively, the City of Fort Lauderdale sell monthly parking permits for the the 3rd floor public garage. However, these are first come first serve and not guaranteed. For visitor parking, a discount code is available at the front desk for the metered parking.
