Description

Custom luxury meets a prime location in this award-winning, former Parade Home! Boasting 4 bedrooms and 4 bathrooms on a flat .33-acre lot, this property stands out with an open-concept layout and an array of custom millwork features. A highly sought-after main-floor guest suite with a full bath provides the perfect layout for visitors or multi-generational living. The main level flows beautifully from the formal dining room into the kitchen and living room, with both the dining and living spaces elevated by spectacular coffered ceilings. A double-sided fireplace joins the living area to a sunroom, which also boasts its own custom coffered ceiling. Relax outdoors on the peaceful screened porch, perfectly positioned to look out over the flat backyard. The upstairs primary suite impresses with a custom tray-coffered ceiling and a luxury en-suite bath offering a whirlpool tub, separate dual vanity, and a large walk-in shower. Notable structural perks include an energy-efficient sealed crawl space and a flat front yard. Best of all, you are just steps away from local dining and a movie theater, with lightning-fast access to I-440 and I-540.
