## Description

Incredible opportunity to buy a 6 bedroom apartment in La Plagne, 300m from the pistes, beautifully decorated - A fantastic opportunity to buy a large, recently renovated apartment just a short walk from the pistes, chairlift and the whole of the vast ski area of La Plagne. Six large bedrooms (the largest is 13m<sup>2</sup> and is en suite), each with a fresh modern feel and plenty of space for a large family or all your guests. There are 4 balconies and a large 70m<sup>2</sup> south facing terrace so outdoor dining in the summer couldn't be easier or perhaps install a hot tub so you can relax after a hard day's skiing or walking. The lounge kitchen diner is a beautiful space; a logfire and comfortable sofas make this a really welcoming place to relax. A few features such as the fabulous chandelier over the dining room table, the painted beams and the central staircase make this a really unique property. The location is one to go for; La Roche in La Plagne will host the 2030 Winter Olympics and the Bobsleigh is at the end of the road! This is becoming a sought-after part of La Plagne, now is the time to act!
