Description

This original-owner home in the gated Providence community with Owned solar panels keeps energy costs low and offers 3,539 square feet of well-designed living space with four bedrooms and three and a half bathrooms. Two primary suites provide exceptional flexibility one downstairs with a massive walk-in closet and private laundry hook-up, and another upstairs for guests or multigenerational living. The upper level features generously sized bedrooms and a spacious loft that opens to an impressive 50-foot balcony with 180-degree panoramic views. Mountain sunsets, glittering city lights, and Strip views create an unforgettable backdrop for evening relaxation. The kitchen includes wraparound granite countertops, double ovens, a five-burner gas cooktop, a large prep island, and abundant cabinetry. The separate dining room adapts easily to formal gatherings, a home office, or additional living space. Outside, the private pool-sized lot offers tremendous potential, while a side yard works perfectly as a dog run or play area. Owned solar panels keep energy costs low. Located minutes from Huckleberry Park, Albertsons, Centennial High School, and freeway access, this home delivers comfort, convenience, and spectacular views. Schedule your tour today.
