Description

Timeless character and modern comfort come together in this beautiful 2-story Craftsman home. Original hardwood floors throughout the main level while abundant natural light fills the inviting living and dining rooms. The updated kitchen features tile flooring, stainless steel appliances and ample cabinetry. A spacious main floor bedroom, full bathroom, and comfortable family room add flexibility for everyday living. Upstairs, the primary suite offers a private retreat with ensuite bathroom complete with a walk-in closet, jetted tub and separate shower. Two more bedroom spaces are connected by a hallway leading to a large family room with electric fireplace and access to a cozy balcony overlooking the backyard. Downstairs is a spacious rec-room with a wet bar, laundry room, a 4th bedroom and bathroom. Outside, enjoy the fenced yard with a relaxing patio, a matching storage shed with power, and you will love the attached 2-car garage! 2015 addition also included new windows, siding, paint, and a 50-year roof!
