Description

Tucked into the sought-after West Valley School District, this thoughtfully remodeled 1936 Craftsman blends timeless character with modern peace of mind. Original hardwood floors, classic wood baseboard trim, built-in cabinetry, and preserved kitchen details maintain the home's authentic charm, while two fully remodeled bathrooms match the original character. There are 3 bedrooms, 2 bathrooms, and an extra non-conforming bedroom in the basement with a separate exterior entrance, the layout offers flexibility for guests, work-from-home space, or hobbies. Modern updates include a built-in dishwasher, new oven/range, newer carpet, washer and dryer, updated electrical throughout, power to the shop/garage, fenced yard and sprinkler system. Major systems have been updated, including a tankless gas water heater and furnace installed in 2024. Enjoy this serene double lot with mature trees or add a home or duplex.
