Description

Welcome to your dream waterfront oasis! This stunning four-bedroom, three-bathroom single-family home offers an expansive living area, perfect for entertaining or relaxing. Nestled on 100 feet of prime waterfront along a wide canal, this property combines luxury with functionality. The heart of the home features a chef's kitchen equipped with a 48-inch Holman propane stove, custom cabinetry, and elegant quartz countertops, seamlessly connecting to the dining area for effortless hosting. Every inch of this residence has been thoughtfully remodeled, showcasing high-end finishes throughout, including a master bath adorned with exquisite Versace tiles. Natural light floods the home through impact windows and doors, ensuring peace of mind and energy efficiency. Additional features include a tankless water heater and a complete water filtration system for your convenience. The roof was recently replaced in 2018, while the garage received a new door and opener in 2019. Step outside to enjoy your own private patio and dock, perfect for boating and waterfront activities. Plus, the garage is equipped with a Tesla charger, making it easy to embrace sustainable living. This exceptional home is a rare find, offering a blend of luxury, comfort, and waterfront living-don't miss the opportunity to make it yours!
