Description

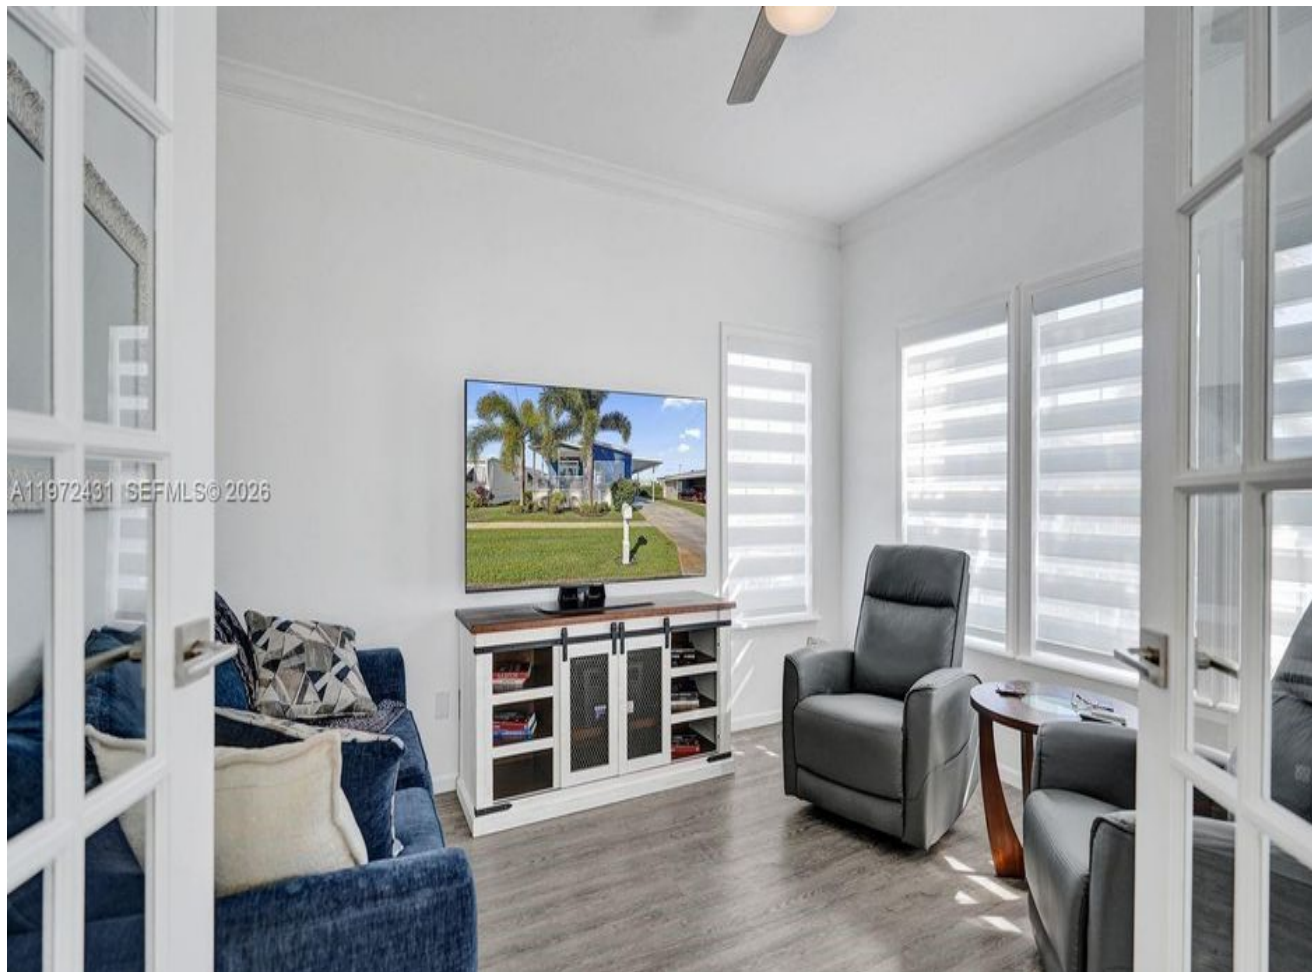

This approximately 1,640 square foot home in the TROPICAL BREEZE Community offers a spacious and well-designed living experience. The two-bedroom plus a Den, two-bathroom layout provides ample accommodation. The home features hardwood-style flooring throughout, creating a warm and inviting atmosphere. The primary bedroom is generously sized, offering abundant natural light and a spacious feel. The en-suite bathroom includes an elegant vanity and a tiled shower, providing a luxurious personal retreat. The second bedroom is also well-proportioned, complementing the overall living space. The open-concept design of the home seamlessly integrates the living, dining, and kitchen areas, promoting a sense of flow and connectivity. The modern appliances and elegant architectural details enhance the contemporary aesthetic, while the hardwood-style flooring adds a touch of sophistication. The exterior of the home boasts a spacious deck and lush, tropical landscaping that creates a serene and tranquil environment. There is a den and a back patio, which is screened. And the spacious outdoor pool area at the Clubhouse offers ample opportunities for outdoor living and relaxation, providing a sunny and inviting atmosphere. This newly constructed home, completed in 2022, is equipped with an electric car charger, catering to the needs of eco-conscious individuals. The two patios further expand the living space, offering great outdoor living opportunities.
