Description

Commanding one of Hillsborough's most coveted view settings, this magnificent French-inspired chateau is set on +/-1.05 acres with top-of-the-world sweeping, unobstructed views spanning San Francisco, the Bay, and the East Bay Hills. Designed and custom built by renowned architect Farro Essalat, the estate offers +/-8,145s.f. of impeccably crafted living space that blends timeless elegance with modern comfort. Behind a gated motor court, the home offers 7 bedrooms, 6 full baths, 2 half baths, a library, two family rooms, and a media room. The massive gourmet kitchen & adjoining family room create a warm and inviting hub for everyday living, while the grand formal rooms with soaring ceilings, elegant columns, and French doors open to expansive view-facing terraces. Upstairs, the enormous primary suite includes a lavish marble bath, jetted tub, steam shower, and breathtaking views. The resort-style grounds are equally impressive, with expansive terraces, manicured gardens, a pool & spa, and generous lawn area overlooking the Bay. A substantial lower portion of the property presents potential for a possible tennis or pickleball court and/or an ADU. Combining timeless architecture, unparalleled views, and exceptional privacy, this is one of Hillsborough's most distinguished offerings
