Description

Discover a rare combination of privacy, waterfront living, and spacious outdoor enjoyment on this nearly half-acre canal-front property in Big Pine Key. Boasting approximately 130 feet of waterfront, this unique location at the end of the canal offers minimal boat traffic, easy boating access to both the Atlantic Ocean and Gulf waters. Set behind lush tropical landscaping and a gated entrance, the fenced 19,762-square-foot lot creates a private retreat surrounded by mature palms, fruit trees, orchids, and vibrant native plantings. The heated swimming pool serves as the centerpiece of the outdoor living area, complemented by a large screened patio perfect for relaxing, entertaining, or enjoying the peaceful garden setting. Designed with boaters and outdoor enthusiasts in mind, the property offers ample room for multiple vessels, RV parking, and trailer storage, with convenient access through a separate gate. The ground-level residence spans approximately 2,166 square feet and features four bedrooms, two and one-half updated bathrooms, an upgraded kitchen, laundry room, impact-resistant windows and doors, a newer mini-split air conditioning system, and a ceramic tile roof installed in 2017. Additional highlights include abundant storage space, a dedicated workshop area, and extra refrigeration and freezer capacity for fishing gear and supplies. Offered furnished, this home is ready to be enjoyed from day one. Located just a short distance from Big Pine Community Park, residents can enjoy pickleball, tennis, basketball, walking paths, playgrounds, waterfront picnic areas, and community events. Whether you're seeking a full-time residence, vacation home, or private waterfront escape, this property offers the space, seclusion, and Keys lifestyle that are becoming increasingly difficult to find.
