Description

Welcome to this beautifully maintained all-brick single-family home nestled on a quiet cul-de-sac in Garden City, KS. Situated on an extra-large lot, this property offers both space and comfort inside and out. The updated kitchen features an island and functional layout, opening seamlessly to the dining area complete with a cozy wood-burning fireplace and slider leading to your private backyard oasis. The spacious living room showcases a picture window with backyard views. Main-level laundry is conveniently located just off the attached 2-car garage. The primary suite includes a private 3/4 bath, while two additional bedrooms and a full bath complete the main floor. The finished basement offers a large family room, two more bedrooms, and another 3/4 bath as well as a large storage room. Enjoy outdoor living with a covered patio, rocked firepit, storage shed, and fenced yard - perfect for relaxing or entertaining. Seller is providing a 1 year home warranty upon closing.
