Description

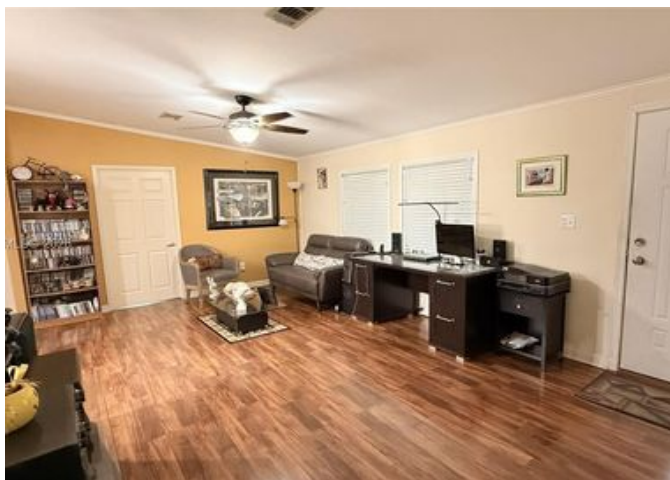

Rare find-one of the few 3-bedroom homes in the community. Ideally located just 2 minutes from I-595 for an effortless commute across South Florida. Unlike most mobile homes, this one sells WITH THE LAND INCLUDED: you own the lot outright-no lot rent, no membership, no land lease, nothing extra to buy. It's like buying a house. The foundations were recently rebuilt and carry a 25-year warranty that transfers to the new owner. The roof was just fully restored and sealed, and brand-new access stairs were installed (warranty included). Exceptionally well maintained throughout-this home truly doesn't feel like a mobile home, it feels like a house. Turnkey, worry-free living in an unbeatable location.
