Welcome to sought-after Swansway! A pristine acre framed by mature trees provides the perfect setting for this expanded and beautifully updated Landmark showcase. Thoughtfully designed for both everyday living and exceptional entertaining, this home offers an impressive blend of quality craftsmanship, generous living spaces, extensive updates and in-district for award-winning Lake Zurich schools. The spectacular kitchen addition is truly the heart of the home, featuring an 8-foot island with seating for six, custom cabinetry, granite countertops, stone backsplash, prep sink, double-door pantry with deep shelving, and a suite of premium appliances including a Sub-Zero refrigerator, Viking six-burner cooktop, JennAir double ovens, Bosch dishwasher, and brand-new counter-height wine refrigerator. The immense dining area is enhanced by a tray ceiling, panoramic views of the private grounds, and direct access to the deck. Flowing seamlessly from the kitchen is the expansive family room, highlighted by a white stacked-stone fireplace with gas starter, beamed ceiling, wet bar, and Bose surround speakers. The center-entry showcases an updated oak staircase with square newel posts and iron balusters. Abundant windows fill the spacious living and dining rooms with natural light. French doors open to the dramatic two-story study featuring skylights and picturesque views of your wooded paradise. The well-designed laundry room/drop zone offers abundant cabinetry, countertop workspace, a large closet, and convenient access to the 3.5-car side-load garage. The updated powder room and recently refinished hardwood floors complete the main level. Throughout the home, you'll appreciate solid wood six-panel doors, Andersen double-pane Low-E windows, rich crown molding, and fresh interior and exterior paint. Upstairs, the luxurious primary suite offers double-door entry, volume ceilings, a gigantic walk-in closet with room for an island and a beautifully renovated bath featuring stone tile flooring, custom vanity, stone shower surround and linen closet. Three additional spacious bedrooms with excellent closet space share an updated hall bath. A versatile loft provides the perfect spot for a reading nook, homework station, or home office. An additional deep linen closet adds even more storage. The finished basement is ready for entertaining with a recreation area, pool table (included), wine cellar and tasting area, and an entire wall of cabinetry and counters. Storage is exceptional, with a large mechanical room and two well-lit crawl spaces. Outdoor living is equally impressive. Whether you prefer sunshine or shade, you'll enjoy the huge deck with Sunsetter retractable shade, built-in Bose speakers, and a charming screened gazebo ideal for outdoor dining and relaxation. Professional landscaping surrounds the home, creating beauty and privacy from every angle. Major improvements provide peace of mind, including a recently preserved and inspected cedar shake roof, new septic tank, new lift-station tank and pump, new sump pump, new humidifier, newer water heater, newer well bladder tank, new dryer, refinished hardwood floors, and the recently added wine refrigerator. The expanded kitchen and family room addition, updated staircase, newer mechanical components, and extensive improvements throughout make this a truly move-in-ready opportunity. The oversized 3.5-car garage features insulated metal doors, extensive cabinetry and work surfaces, and pull-down stairs to a floored attic for outstanding storage. TVs in the basement are included!
