## Description

One of a kind custom estate offering 6 bedrooms, 5.5 baths, a dedicated office, media room, and 3 car garage on a nearly half acre private lot with no rear neighbors. Completely reimagined for today's lifestyle, this home has been transformed throughout, with walls opened up to create an expansive, light filled floor plan anchored by a sleek glass and wood floating staircase. What truly sets this residence apart is the 200 square foot addition to the primary suite, featuring an extended oversized layout, a spa inspired extended primary bath, and a custom designed closet. No expense was spared, with only the finest materials and natural stones used throughout, complemented by smooth texture walls, custom built outs, solid core doors, a full steam shower, and a jacuzzi tub. The chef's kitchen is the heart of the home, outfitted with Wolf double ovens, Sub-Zero refrigeration, a Miele induction stove, Miele dishwasher, and built-in espresso machine, plus a Viking wine cooler. Patio doors connect the kitchen directly to the summer kitchen and a lushly landscaped private yard. Step outside to a massive travertine pool deck and full outdoor kitchen, all within a fully fenced yard offering abundant space for outdoor living and play. A separate downstairs bedroom and bath is ideal for an in-law suite or guests. Perfectly located less than a one minute walk to the community park, basketball and pickleball courts, and the school bus stop.
