Description

Ready to move into, this interesting property is just a short drive from the beach of Agios Georgios NW. Whispers House is located in the little village of Prinilas on the NW of the island, close to the beautiful beach of Agios Georgios. The property is currently divided into two self-contained apartments, one on each floor. On the ground floor there is the one-bedroom apartment with an open-plan kitchen/dining area, and a slightly separate sitting room with a large stylish woodburner. Balcony doors open out to the garden and offer plenty of natural light to this room. There is also a good size double bedroom and shower room. An external staircase leads to the second floor and the second apartment. Here there is another spacious kitchen/dining room and a separate living room. A hallway leads to two double bedrooms, each with their own private balcony, and a bathroom. The garden is beautiful with a round above-ground pool, parking and lots of space to create a pretty garden.
