-  **Garden**

YELLOW HOUSE, Doukades, Corfu

3  1  1 

£220,000
(€250,000)

Description

A large family house and two big outbuildings ready for conversion and renovation, this is an exciting project right in the centre of the popular village of Doukades. Right in the heart of this much sought-after village, just a few steps away from the shop and restaurants, this large property has a lot of potential for further development. Unusually for a village, this property has its own parking and separate access to each of the three buildings from a pathway. The main house is currently occupied but would benefit from some general modernisation and changes. The ground floor has a large open plan living space, with a sitting area, a dining area and a kitchen to one side. There is also a bathroom on this level. A wooden staircase leads up to three bedrooms, a large one at the front and two smaller at the back. The ceiling in the living area has open wooden beams and the floor upstairs has beautiful old floorboards. Outside is a large terrace with plenty of space for outside dining, and some steps leading down to the garden and garage. In addition to the main house there are two large single storey buildings, one was originally an olive press. Both have access to the pathway which surrounds the property so could be kept as two separate dwellings or joined to make one larger one. Property of this kind is a rare find in this very popular village, particularly with parking and a garden.
