KALAMI VIEW ESTATE, Kalami, Corfu

5  5  1 

£1,980,000
(€2,300,000)

Description

An ideally situated estate on the headland between Kalami and Kouloura. Kalami View Estate is positioned on an elevated headland, with views both towards Kalami Bay and Kouloura on the other side. The property is within easy walking distance of both places, yet is secluded enough to avoid the hustle and bustle. Entering the grounds via a private driveway, there is a covered parking area with steps leading to the house. The property consists of three buildings, with the spacious pool terrace to one side overlooking Kalami. The main house has a large, open plan sitting and dining room, with high woodbeamed ceilings and patio doors leading to the terraces around the house. The kitchen is to one side, fully equipped with all modern facilities. There is a BBQ area and outdoor kitchen at the rear of the house, perfect for summer evenings. A hallway leads to two bedrooms and two shower rooms. Outside, paved pathways lead to a separate two bedroom annex, each room with an ensuite shower room. Next door there is a separate studio, complete with a small kitchenette and sitting area. There are plenty of areas around the property for both lounging and dining, offering alternative options and a different outlook from each!
