CORCYRA VIEW, Agii Deka, Corfu

3  4 

£800,000
(€925,000)

Description

A large semi-completed 3 bedroom villa with spectacular sea views and more! Corcyra View Villa is located in the charming village of Agii Deka and boasts breathtaking views of the surrounding area, neighboring villages, Corfu Town, and the airport. This villa has direct access from the main road and offers private parking for two cars behind its gate. The property ticks every box, with well-designed spaces that cover all household needs. Starting with the ground floor, the entrance leads to two bedrooms on the left, which share a bathroom, one of which features a walk-in wardrobe. Both bedrooms have balconies with sea views. The main double bedroom is on the right, designed with a split-level concept that includes a large dressing room and a modern bathroom located a few steps above the sleeping area. All rooms are brightly lit with large windows and balcony doors. The spacious living and dining area is situated on the upper floor and features an open fireplace, complemented by a beautiful mezzanine level that can serve as extra sleeping or leisure space. The kitchen is separate and situated above the living room, with a large bay window that showcases the incredible view. A WC is conveniently tucked to the side of the staircase. Access to the roof terrace is available from this level, with plans for a jacuzzi to be added. The basement, which can be accessed from the outside, is set to be developed into a lounge area equipped with a sitting area, bar, and recreation room. The boiler room and additional storage space are located beyond this area. The villa has been constructed to the highest standards, featuring state-of-the-art grey aluminum doors and windows, thermal cladding on all exterior walls, and central heating. Outdoors, there is a 30 m² swimming pool that includes a children's pool alongside it. Additionally, there is an outdoor kitchen and BBQ area designed for entertaining. The villa requires completion to its interiors. This allows some flexibility on choice of material, colors and decor.
