Description

Trelawny Every once in a while, a piece of land comes along that feels like it was meant for something extraordinary. Harmony Cove is one of those places. Set on 38 acres along Jamaica's North Coast, with an exceptional 2,000 feet of coastal frontage, this is a rare opportunity to create something truly remarkable. There is a sense of privacy and possibility here that is increasingly difficult to find—a place where you can create your own vision. Jamaica has always held a certain magic: its beauty, its warmth, and that unmistakable feeling that you have discovered somewhere special. Harmony Cove offers the space to capture that feeling in a way that is entirely your own. Imagine a magnificent private estate hidden away in nature, a sophisticated island retreat, or an extraordinary five-star resort. The scale of the property, combined with its remarkable stretch of coastline, allows you to think beyond simply building a home—you can create an experience, a destination, even a legacy. Land of this size, with this level of privacy, coastal frontage, and potential, is exceptionally rare. For someone with the vision to see what could be, Harmony Cove represents a once-in-a-lifetime opportunity
