Description

WHERE LIFE FINDS ITS NATURAL RHYTHMSome homes are designed to accommodate life. Others change the way it is lived. Set within the established landscape of Zimbali Estate, this much-loved home is a private retreat conceived around the pleasures of space, light and connection. Here, the distinction between indoors and out becomes wonderfully fluid, with the home opening itself to long, unhurried days, spontaneous entertaining and quieter moments of retreat. There is an unmistakable sense of ease to the way it lives — generous without excess, sophisticated without formality, and equally suited to an intimate family gathering or an afternoon that drifts effortlessly towards evening. Surrounded by garden and mature tree line, it offers the rare privilege of feeling removed from the world while remaining connected to everything that makes coastal living so compelling.At the centre of the double-storey residence is a sunlit courtyard, with the swimming pool forming its focal point and covered patios and living spaces flowing towards it through expansive glass doors. The principal living level encompasses the kitchen, lounge and dining areas, a substantial bar opening directly onto the courtyard, and the main bedroom suite. A separate guest suite enjoys private external access, while the lower level introduces three further en-suite bedrooms, each opening towards the level garden, together with a dedicated TV room/ Games room that provides an additional space for relaxed recreation. Details throughout add character and distinction, from the deep corner spa bath to the gallery-style powder room, while a timber-decked balcony extends upstairs over the lawn and established tree line. A double lock-up garage, staff accommodation and solar panels complete a residence that balances considered design with the effortless pleasures of Zimbali living.Zimbali has developed into South Africa's premier and exclusive lifestyle estate in one of the country's most naturally beautiful locations. This is a place for discerning homeowners who value privacy and interacting with a pristine natural environment—a place for authentic living where barefoot luxury is available to those who call it home.
