Description

In the heart of Milan, in the Carrobbio area, a prestigious 450 sq m apartment arranged over two levels, with generous reception rooms, dining room, study, 6 bedrooms, 6 bathrooms, a 15 sq m terrace, garage and cellars. Fully renovated with high-quality finishes, within an elegant period building directly opposite San Lorenzo. San Lorenzo Luxury Apartment is located in the heart of Milan's historic centre, in the Carrobbio area, just a short walk from Parco delle Basiliche and directly opposite the monumental complex of the Basilica of San Lorenzo. The property occupies the first and second floors of an elegant late-1920s period building, designed by architect Alfredo Campanini, one of the leading figures of Milanese Liberty architecture. The location offers the opportunity to enjoy one of the city's most central and historically rich areas, within easy reach of the Colonne di San Lorenzo, Via Torino, the Duomo and Sant'Ambrogio. The immediate surroundings offer restaurants, cafés, boutiques, art galleries, a wide range of services and numerous places of historical and cultural interest. The area is very well served by public transport, with several tram and bus lines, as well as the De Amicis (M4), Missori (M3) and Vetra (M4) metro stations, all within walking distance. National and international connections are equally convenient: the nearest airport is Milan Linate, just 9 km away, while Milan Malpensa and Bergamo-Orio al Serio airports are approximately 45 km and 52 km away respectively, both reachable in around 45 minutes.
